Our war for the crimson roses

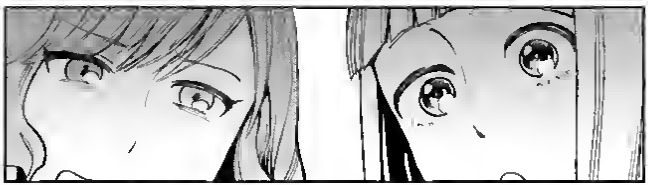
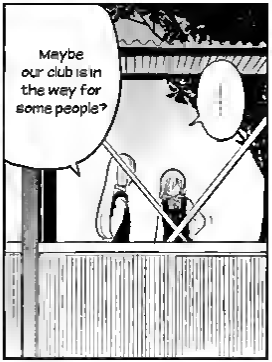
草集



'DA FUCK IS THAAAT?!
Was it blown away by the wind again?
what are you saying, it's obvious that someone did this!
Un-Forgi-vable!

Anyway, we're not to blame here, so we've got to solve this quickly
I'll do something about it!

But who could have..



Maybe our club is in the way for some people?

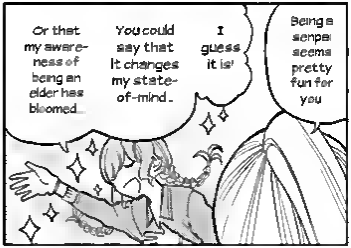
04

You're so cool, Yukina!
♡
Kya!
Because I'm the president!!

What is that for?
Oh
Kurosawa told me she wanted to add some white roses.
05
I did say that, but
That's why I brought some from home
You'll have to care of it from now on!
My mother gave me a few of those she was planning to share with a friend of hers.
Our garden is already overflowing with those, so don't worry
Overflowing
She might not look it, but she's from a pretty rich family
Their garden is huge

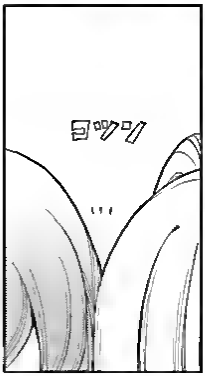
センパイ
Senpai

Well. Thank you very much



Being a senpai seems pretty fun for you
I guess it is!
You could say that it changes my state-of-mind..
Or that my awareness of being an elder has bloomed...

Senpai mode
It's only natural to to listen to it"
Well, that's a request from my cute little kouhai, after all!



ヨッソ
...

You've wanted a kouhai for quite some time, haven't you.
That's great for you.

If I had been alone, I would have given up long ago, you know
All this was only possible because you stayed by my side, Towako
Mister gardener
Who is that girl?
She's my grand-daughter, Towako
Nice to meet you.
You're the same age.
So I would like you to get along.

Say, Yukina
Is it true that you're going to Seiran Junior High?
Yep.
My grandma recommended it.
I see...
And I hoped I could go with you to middle school

Well, you can go to Seiran too

So, will you go with me?
I'm sure it'll be fun if we're together
Huh?!
It's impossible for me... My parents will never...
I'll ask my grandmother.
MIDDLE SCHOOL

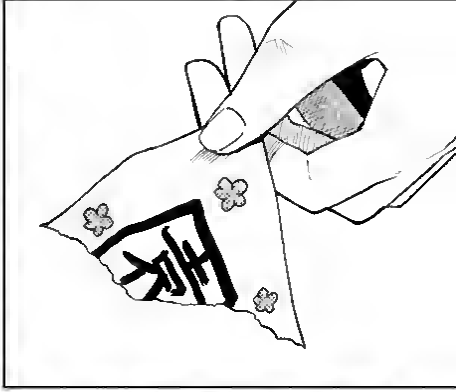
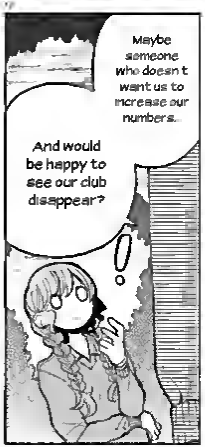
I had heard they had a rose garden, but...
It seems nobody has touched it for quite a long time.
It's such a waste.

Let's cover this place with roses!
Well, in that case, we can revive it with our own hands!
You like red roses don't you?
We will have to ask your grandpa
Hmmmm, how sweet this word sounds to my ears!!
You can say it as much as you want, my kouhai.
Senpai.
Of course!
What do you think, Towako?

Again?!
I found this on the ground.



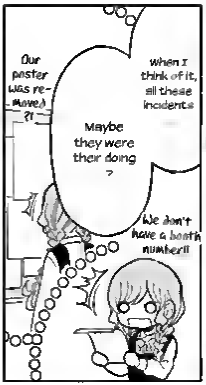
DAMN HER,... IF I FIND THE CULPRIT, SHE'S GONNA TASTE MY FIST.



Maybe someone who doesn't want us to increase our numbers...
And would be happy to see our club disappear?

Does someone hate us?
But who...
BEGONE, GARDENING CLUB
KIHIHI

It's strange, though the big recruitment period is over...
A little poster shouldn't bother anyone.
But to go as far as ripping it to shreds...



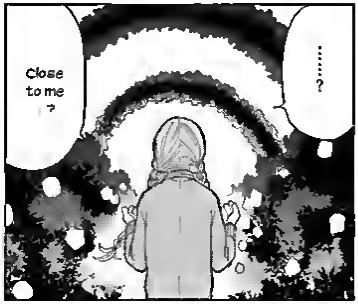
Our poster was removed?!
When I think of it, all these incidents
Maybe they were their doing?
We don't have a booth number!!

These girls!
The student council...!!

All this would have been much easier to do for someone close to you, if you ask me

How dare they use such underhanded methods!!

Wait.
You don't mean



Close to me?
.....?

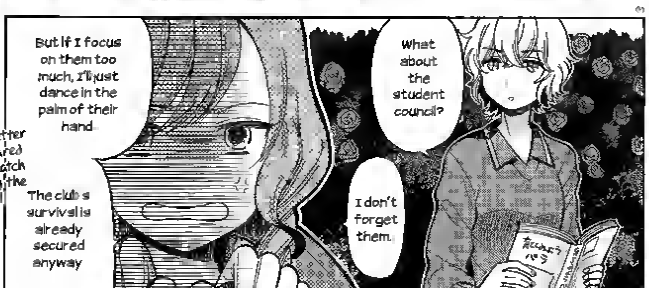
I know that the student council is playing us some trick
Is that a plan to break our determination?
Wait, if we reported this to the school, we may have a chance to win ...
Hm, but we don't have any proof
And ...
Ah!



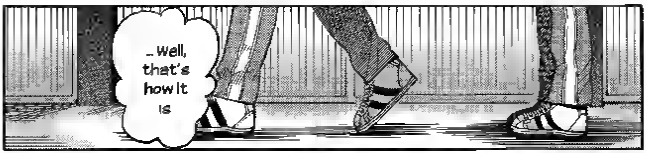
What about the student council?
I don't forget them.
But if I focus on them too much, I'll just dance in the palm of their hand
They'd better be prepared when I catch them by the tail!
The club's survival is already secured anyway

Chapter 13 (part 2) Canno

*book. "Let's try to cultivate roses"

No problem
Don't worry about that
I'm a genius, after all
You're pretty incredible, aren't ya

Anyway, we can plant the rose this winter
How long do you plan to stay here, exactly?
Are you gonna double classes or something?
Until you've learned enough to manage on your own, of course.



...Well, that's how it is

She's a fast learner, really
Even though she doesn't come that often
But I think we no longer have to worry for next year

Are you feeling unwell?
You're spacing out
Ah, no
It's just that I like red roses
So if white ones start to appear, I might feel a bit sad.
Well, you know
Hm?
Well, it's not like real roses are gonna go away.
?
And it's always more fun to add some variety, don't you think?
You're right.
.....

The proposition of replacing the rose garden by a soft tennis court
will be submitted at the next general assembly of the student council
生徒会室
!
*Student council room
Seized by the student council
Seized
by the student council

If it's accepted, it will take effect next year
But why now?
We recruited a member as you told us, didn't we?
Why?
Well, since next year there will be only one member left and considering you don't produce much
The club's budget for this year should be around this amount.
SO LITTLE
WHAT.
That's all?
Crickets

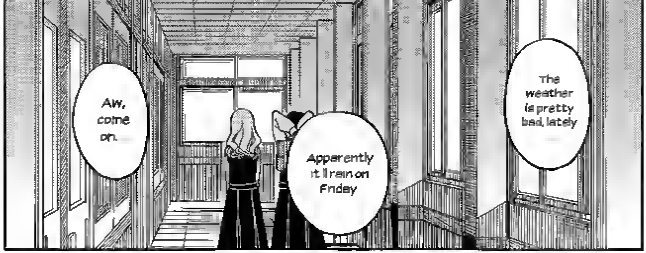
Do you think you can maintain the garden with this much?
With a single underclassmen to help you?
Then

It's just...
You drive them away with your dirty methods...
But anyway, whose fault do you think it is, that we don't have more members?!

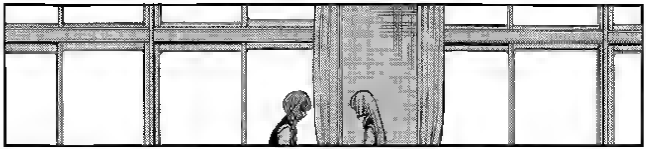
What are you talking about?
Drive them away?
Anyway, rather than a virtually one-man club...
Giving this field to the soft-tennis club which is very active.
Would benefit much more people, don't you think?
生徒会議室

ばっ
Help us to save the rose garden!
IF, FOR EXAMPLE, YOU SAW SOMEONE TAKE OUT ONE OF OUR POSTERS...
んっ
HELP US TO SAVE THE ROSE GARDEN!
We're counting on you.
OR IF YOU HAVE OTHER PROOFS THAT PEOPLE ARE TRYING TO BULLY OUR SMALL CLUB, PLEASE TELL US WHAT YOU KNOW!
Sorry I have to meet with Shiramine so I'm leaving
That damn Kurosawa ran away though...
You have what?
People will surely help us
It's too early to give up
With a proof that our poster has been ripped the problem should be solved quickly

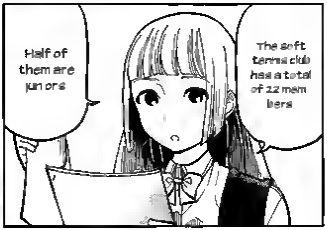
So we had a rose garden huh...
There!
I knew they would get it.
I wonder who benefits from all this...
There are some horrible people around here.
It's not such a big deal in the end is it?
That the garden disappears
First time I hear about it.
Yeah not many people go over there I guess.
It's true that the current court is far from the classes
I have a friend in the soft tennis club she was overjoyed
But then
3-E



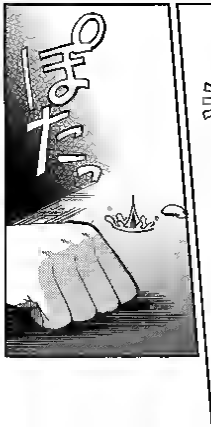
The weather is pretty bad, lately
Apperently it'll rain on Friday
Aw, come on.



But it seems they want to move closer to the buildings.
For now they use the court on the second field...



Half of them are juniors
The soft tennis club has a total of 22 members



ぽたっ

You think I should just give up?

The council may be right

This gardening club and this rose garden...
We built them...
and we defended them together...
How pathetic do I look...
The feelings of our elders
The history of our club.
I wanted to pass on my responsibilities...
But
My memories with you...

Will I be the one.
who'll put an end to all of that?

That's just how things had to end up

.....
It's not your fault, Yukina.

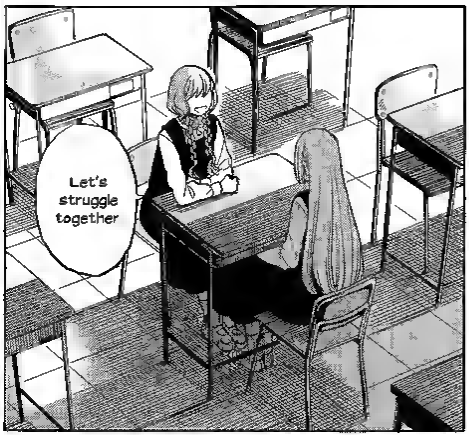
Don't cry, Yukina

No one will blame you for the rose garden.
And our memories will never disapear, no matter what
So you don't have to batter yourself this much, Yukina.

Why not just give up?
You're too kind, Towako
Like the student council said.
I would please a whole lot of people if I threw in the towel
Maybe this outcome was unavoidable in the end
But I don't care.

If my desire to protect the rose garden is purely selfish
Then so be it
I'll fight to the bitter end
You'll walk along with me, right?

I knew that you would say that.
Ha
And anyway, you have faithfully stuck with me all this time.
I can't just give up like that.
I must give it my best
All the more
I just stay with you because I love you, you know
Yeah



Let's struggle together

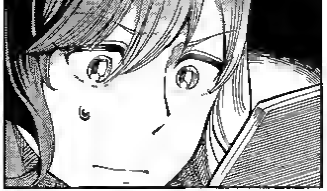
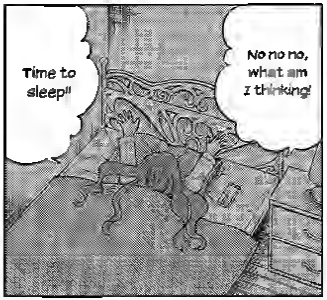
Huh?
THAT DAY
We hadn't given the form for a presentation booth?
But I'm pretty sure





Time to sleep!!
No no no, what am I thinking!

All of this could have been much easier to do for someone close to you, if you ask me.
Yeah...
Tewako took care of it.
I'll do it I'll be back

I guess I'll just take a look at the roses and go home
Wow, there's lightning

I have to tell the other two that the club is cancelled

The Little Theater of KnoKiss

~Behind the scenes~

Meanwhile, at the soft tennis club
Really?
Awesome!
The move will be proposed at the next general assembly!
Matsumoto 3rd year club president
It's kind of a shame to destroy it really
It will replace the rose garden, huh.
It still has to be approved though...
All that pestering to the council wasn't in vain!
At last we can say good bye to this faraway narrow and beaten up court!
Miyabe 3rd year club member
I guess you're right.
We can't go back, now.
...But that's what our elders wanted.
